Kootenay Women's Council Box 1200 Castlegar BC

Dear people:

I wonder if you could send me some recent copies of "Images" for a women's event, which we are holding in conjunction with Open House day at the Salmon Arm College - in early April. It would be good to these available, both for information and possibly for sale. (I really enjoyed reading the last two issues which a friend lent me.)

Also - do you happen to know of any good films which might be available for showing? I've tried the NFB, without much luck, but wonder if there are other sources you know of. Is there, for example, anything in the Selkirk college library that would be appropriate?

Any suggestions you have for other material would be welcome. This might be a time for us to see whether there is enough support here for setting up, applying for funds etc., for a women's centre.

Will forward necessary funds for whatever you send I

Many thanks.
