**Subject:** Re: Equity Project

I think this is what you want. In fact it's probably more than you need right away.

The final report includes the evaluation results. The evaluation documents are just the data gathering forms. The Loose Ends, Highlights, Update are three documents I produced at the end of the project that may or may not be of use. The Guidelines, Outreach Directory, Business Case, and the two research summaries are the closest I can get to the idea of a "package" of information produced by the project. I produced a lot of stuff on an as needed basis. There's also a paper trail of my assessment of the status of systemic equity in the construction sector (which I'll try to find and add to the end). The file WITT letter to CPC is the letter requesting the \$10,000. The LEIF Terms of Reference is something I produced last October to try to move the idea ahead at that time. Found the stuff on construction. The October chronicle is updated by the one in Jan. 2001. The submission to the CBT is significant. I also presented this information at a stakeholder meeting convened by CBT in Feb. 2001. That gathering is the kind of stakeholder meeting that the LEIF is hoped to put together. I also found a small one-pager that I sent to the Carpenters' Union upon their request for information on equity.

Please get back to me if you need more. My work phone number is ~~XXXXXX~~.

Ruth

**Subject:** Equity Project

Hi Ruth,

Thanks very much for taking the time to respond to my questions around the Equity Project. As per our conversation, could you please email me the following documentation:

1. The Final Report from the Equity Project
2. Your letter to the CPC requesting funding for the project
3. Any relevant documentation that was included with the evaluation of the project.

I just wanted to let you know as well, that the CC and WKWA staff believe in the importance of the continuation of this work. I know that you put a lot of time, energy, heart and soul into this project and it is my hope that we can continue the wonderful foundational work that you were involved with in this community.

Thanks again Ruth.

Cheryl
