Mr. Bob Brisco,
Member of Parliament,
Ottawa, Ontario. L1A 0X2

Dear Mr. Brisco:

The specific incident I refer to with regard to Otto Lang is the interminable delay of the Saskatoon Women's Center receiving their operations grant from the Secretary of State because of Otto Lang's interference due to the fact that they offer abortion and birth control counselling to women who request it. I'm sure if it was researched there would be other cases of a similar nature, this one was fairly public knowledge.

It is my hope that this information only whets your curiosity and that you will look further into the matter.

Sincerely,

Marcia Braundy, Chairperson,
Kootenay Women's Council
