

## Not Your Average Girl? Give Skilled Trades a Whirl!

### Order your poster set today!

SaskWITT is proud to offer a poster series featuring 6 women who work in 6 skilled trades: electrician, autobody technician, power engineer, welder, aircraft maintenance engineer and heavy duty equipment mechanic. Each poster depicts one role model in two powerful photographs. A short biography is provided for each tradeswoman. The posters describe each trade including details on types of tools, equipment and materials that are used and common occupational tasks.

**Not Your Average Girl? Give Skilled Trades a Whirl! .. A** poster series designed to assist young women with career choices. To order, contact Valerie Overend, SaskWITT - [v.overend@sasktel.net](mailto:v.overend@sasktel.net).

\$30 includes shipping and handling. An invoice will be sent with your posters.

Roxanne has never regretted her decision to enter the electrical trade and says, "I love the opportunity to solve a problem and I love the fact that I am doing something different every day, instead of being stuck at a desk."

Power Engineer

Aircraft Maintenance Engineer

Welder
