

Women's Employment & Training Coalition (WETC)
“Participating For Change Project” Forum
Registration Form- 30 May, 2000

WETC is a unfunded, voluntary coalition of women and groups in the Lower Mainland and BC involved in women's employment and training issues. It was formed in 1985 and is open to women and all groups that support equality rights of women and are concerned with women's employment and training issues.

We recently completed the project “Participating For Change” in which many of you participated and contributed your time and information. We could not have completed this project without all your support. Thank You.

We would now like to invite you to a facilitated strategic planning forum where we can share the outcomes of the report and plan for Women's Employment and Training priorities.

WHEN : 30 May 2000, 9:30-12:30. (Coffee, Juice and Muffins will be provided)

WHERE : YWCA, 4th floor

535, Hornby Street, Vancouver.

Phone Number : 895 - 5800

(It is a couple minutes walk from Burrard skytrain station , and you can see the YWCA building from the corner of Burrard and Dunsmuir) reasonable underground parking as well as meter parking on Hornby street is available.

WHY: We will review the impact of LMDA (Labour Market Development Agreement) and EI(Employment Insurance) legislation on women; the current status of WEAC (the Women's Employment Advisory Committee) co-chaired by WETC & HRDC) which has been recently expanded by including regional women's groups, provincial government representatives etc; and explore what can you do with the support of WETC to make changes for the future of Women's Employment and Training issues. It is very important for you to be there and be part of the changing future. We will also be expanding and changing membership on WEAC.

Please complete the registration form below.

We hope you will take advantage of this excellent opportunity to move these issues forward.

With regard,

Marcia Braundy
Kootenay Women in Trades and Technology
WETC/WEAC member

Priti Shah
Participating for Change Project Coordinator
WETC/WEAC member
