Draft WKUA Evaluation - For Discussion

Dear WKUA members / community groups

It is important for us as an association to have input, feedback and evaluation from all women who are involved with WKUA. It raises our awareness and increases our learning about how we are doing. It allows us to measure our successes and identify our areas for growth. Most importantly evaluation allows us to be accountable to all women we are involved with.

Please take the time to fill out this evaluation and send it to:
